Dear SWFCA Members:

You may have seen Tennessee Senator Marsha Blackburn's recent tweets in response to US non-support of certain businesses in China saying that "China has a 5,000 year history of cheating and stealing. Some things will never change."

(<https://thehill.com/briefingroom-blogroll/528670-gop-senator-gets-into-nasty-twitter-spat-with-chinese-journalist>). This statement is hurtful to our members and the Chinese community as a whole.

The Mission of the Southwest Florida Chinese Association is to serve the communities in Southwest Florida by preserving and promoting Chinese culture, providing a variety of activities to benefit members and the community, and promoting understanding between ethnic groups of different backgrounds. As a non-profit organization, we support our community and our members and choose to peacefully co-exist with people of all backgrounds. However, actions and our statements do matter and silence can sometimes be viewed as acceptance.

If you feel compelled to speak out, a petition has been created to address Blackburn's racist comments. We are sharing this information with you to help you be informed and make your own individual opinion. To view the petition visit
